

6TH EDITION

THE STRATEGIC BUSINESS PARTNERING EVENT
DEDICATED TO DEEP TECH INNOVATIONS

ABOUT

Confirming its commitment to facilitate deal generation and investment, INPHO® Venture Summit, the event for executives active in smart technologies and deep tech innovations will held its 6th edition on 11th & 12th October 2018, in Palais de la Bourse (Bordeaux). The event will be chaired by Georges Ugras, Managing Director AtPac Ventures.

HARD-TALK: WHAT KEEP YOU UP AT NIGHT?

With its editorial committee gathering Georges Ugras - Managing Director at AtPac Ventures, Jean-Marc Bally - Managing Partner at Aster Capital, Dieter Kraft - General Manager at Trumpf Venture, Jean-Louis Malinge - Partner at Arch Venture Partners, Paul Thurk - Managing Director at Arch Venture Partners, Christian Reitberger - Partner at BtoV and Wellington Partners, Aymerik Renard - General Partner at Hardware Club and Kyung Yoon - Talent Age Associate's CEO, the INPHO® Venture Summit 2018 will offer its participants a unique opportunity to meet leading game changers expressing insights on "what keep them up at night."

EXPLORE OUR FUTURE AND INVENT NEW BUSINESS MODELS

INPHO® Venture Summit 2018 will address innovation transforming the industries and generating new business models. The key topics selected by the Editorial Committee will be challenged with leading players and game changers. It will include the expected impact of blockchain in industrial applications, next generation computing to address the IoT and Artificial Intelligence revolution, as well as deep tech impact on industries productivity through robotics, quantum technology and monitoring hardware.

DEAL AND INVESTMENT FACILITATOR TO IMPACT AND TRANSFORM EXISTING INDUSTRIES!

Among more than 200 European promising start ups, 20 will be also selected and invited to introduce their activity to C level executive managers in dedicated fast pitch sessions. INPHO® is recognized as the right place for high level networking in an inspiring atmosphere. In addition, one to one meetings will be organized for participants to take the most of this unique event.
