

Joined online workshop
**Towards a European Strategy on
 Quantum Photonics Integrated Circuits**

Agenda
 March 1st, 2021

Topic	
10:00	Setting the scene Welcome & Aim of the Workshop
	I. Strategic approach on QPICs in Europe
10:15	Photonics21/ Quantum Flagship Focus Group: Draft Position Paper on Quantum PICs
10.45	Discussion – how to build a European infrastructure in QPICs, what are critical elements needed?
12.00	Break
	II: Photonics Partnership & Quantum Flagship Projects & Services on (Q)PICs
12.45	Presentations: H2020 Photonics and Flagship projects and services related to QPIC (5´ each)
14.15	Break
14.30	Discussion – how and where to establish cooperative structures between existing projects and services; training needs and offers
	III: Final discussion, conclusions and next steps
15.15	Measures needed to build up a world class QPIC R&I infrastructure in Europe?
16.00	End of Meeting
