Sponsorship Package

PHOTONICS PUBLIC PRIVATE PARTNERSHIP

Your sponsorship investment

- **Demonstrate your support for Photonics towards Horizon Europe and increase your visibility!**

With more than 300 decision makers from European Industry & Research, EU Commission and European Parliament, national and regional public authority representatives the Photonics PPP Annual Meeting has become the flagship event of the photonics community in Europe.

- **Show your commitment to a Key Enabling Technology for Europe!**

The Photonics Public Private Partnership is driving the change. The share of Photonics related projects in Horizon 2020 is nearly 10 % and at least 50 % of participants of photonics related projects under ICT calls come from the private sector.

**PROTOTYPE
YOUR IDEA CONTEST**

Prototype Your Idea is a competition for business ideas at an early stage. It can be a simple thought, an idea you cannot get out of your head or an idea that you have been working with for a while.

Photonics21 aims to support talented makers and students, who have a real interest in becoming entrepreneurs by combining creativity with photonics.

The contest consists of a cash prize of €5,000 and the opportunity to get a spot in the ACTPHAST EU innovation incubator to carry out a full feasibility testing of your idea, which is worth up to €30,000, giving you access to Europe's top photonics experts and infrastructure including a start-up business coach.

To participate, you will need to send in a maximum two minute video presentation of your concept, or a written description of your idea/product making clear the nature of innovation and the potential impact to industry. This will be reviewed by a jury of experts.

For more information on the contest and to download the application form visit www.photonics21.org
